Mr. PARKER, from the Committee on the Judiciary, submitted the  
following

ADVERSE REPORT.

[To accompany H. Res. No. 727.]

The Committee on the Judiciary, to whom was referred House resolution No. 727—

*Resolved*, That the Attorney-General of the United States be directed to inform the House—

What part of the speech extended in the Record under a leave to print granted to Honorable Duncan E. McKinlay, of California, and printed in the Congressional Record of June third, nineteen hundred and ten, on pages seventy-five hundred and sixty to seventy-five hundred and sixty-six, inclusive, and what part of items numbered one to seven, inclusive, printed with said speech and referred to in said speech as being "inclosed," and what part of the matter appearing in said speech immediately above each of said items was prepared by said Attorney-General or in his office. And the said Attorney-General is directed to accompany his report with copies of the portions of said speech and the other matter herein referred to which were prepared in his office.

And having had said resolution under consideration, are unanimously of the opinion that the information therein requested would not aid the Congress or this House in legislation or in the discharge of public business.

Therefore your committee report back said resolution adversely and recommend that it do lie upon the table.
